

TRC Y12 Enrolment 2023
Career & Employability Information

Wondering what subjects to study??

This guide is to help students:

- **think about a career area of interest**
- **see how the study of specific subjects at TRC will help achieve a career pathway**
- **see suggested opportunities for relevant volunteering, enrichment activities etc.**
- **identify potential future local employment opportunities**

Take a look at the job grouping families in the top row; underneath them you will find suggested relevant TRC courses, linked career areas and local opportunities. The list is not exhaustive – it is there to help students think and plan and we hope you find it useful.

The college has a dedicated work placement team who can help link students to a range of employer engagement activities
work@trc.ac.uk

This is a guide to help with career planning and in no way is an endorsement of any particular employer or volunteering scheme.
